

## VICKI NASHERT

Senior Diagnostic Coach

- Vicki Nashert has more than 20 years of experience in business administration as well as more than a dozen years of experience with Jameson. She served as Jameson director of operations from 1992-1997, and has since been senior diagnostic coach.

Nashert did her clinical training in Dr. John H. Jameson's dental practice and has worked with Jameson clients throughout the United States. She received her certificate of business administration from what was then Central State College in Edmond, Oklahoma. She is a certified effectiveness trainer and received her instruction from Steve Emmons, president of Effectiveness Resources International. Nashert has done extensive studies in communication skills, gender communication and personality types over the last nearly 20 years.

---

*“Vicki Nashert empathizes amazingly and shows you new insight after she analyzes your problem. She can do this because she knows how to present it to you. Jameson Management advocates the use of this technique in your practice. They can teach you how to listen to staff and patients and help them want what they need.” —Dr. Stephanie C. VanDyne, Leavenworth, Kansas*
